

Assignment 5 (Error Sheet).

Question 1

Line No.	Error	Error Type	Error Correction
6	Missing semicolon after array declaration	Syntax Error	Add ; after declaration
12	i<=5 accesses index 5	Runtime Error	Use i<5
21	Integer division in average calculation	Logical Error	Use (float)total/5
23	%d used for float average	Type Mismatch	Use %f
34	scores[5] out of bounds	Runtime Error	Max valid index is 4
45	String exceeds array size	Runtime Error	Increase array size
53	String used as array index	Semantic Error	Use integer index
55	Float used as array index	Semantic Error	Use integer index
66	i<=5 accesses index 5	Runtime Error	Use i<5
77	Missing & in scanf	Syntax Error	Use &arr[i]
94	"A" assigned to char	Type Mismatch	Use 'A'
104	Assignment used in condition	Logical Error	Use ==
113	Array assignment invalid	Semantic Error	Copy elements individually
121	%d used for float	Type Mismatch	Use %f
127	Direct string assignment	Syntax Error	Use strcpy()
136	i<=5 writes beyond array	Runtime Error	Use i<5

Question 2

Line No.	Error	Error Type	Error Correction
15	i<=10 accesses index 10	Runtime Error	Use i<10
25	Sum overwritten instead of accumulated	Logical Error	Use sum += numbers[i]
32	%d used for float average	Type Mismatch	Use %f
44	Highest marks logic incorrect	Logical Error	Use >
58	attendance[5] out of bounds	Runtime Error	Use valid index
62	i<=5 accesses index 5	Runtime Error	Use i<5
72	String exceeds array size	Runtime Error	Increase size
78	Direct string assignment	Syntax Error	Use strcpy()
93	String not null terminated	Logical Error	Add \0
99	String index used	Semantic Error	Use integer index
101	Float index used	Semantic Error	Use integer index
119	Missing & in scanf	Syntax Error	Use &result[i]
136	Assignment used in condition	Logical Error	Use ==
145	Array assignment invalid	Semantic Error	Copy using loop
153	%d used for float	Type Mismatch	Use %f
161	i<=5 writes beyond array	Runtime Error	Use i<5
174	String exceeds array size	Runtime Error	Increase size
182	Array assignment invalid	Semantic Error	Copy elements
190	Missing semicolon after printf	Syntax Error	Add ;

Question 3.

Line No.	Error	Error Type	Error Correction
43	Lowest logic incorrect	Logical Error	Use <
58	i<=5 accesses index 5	Runtime Error	Use i<5
66	String exceeds array size	Runtime Error	Increase size
74	Incorrect scanf argument	Semantic Error	Use scanf properly
90	fees[5] out of bounds	Runtime Error	Use 0-4
102	Assignment used in condition	Logical Error	Use ==
111	Array assignment invalid	Semantic Error	Copy elements
119	%d used for float	Type Mismatch	Use %f
128	Missing & in scanf	Syntax Error	Use &result[i]
145	Direct string assignment	Syntax Error	Use strcpy()
154	String used as array index	Semantic Error	Use integer index
156	Float used as array index	Semantic Error	Use integer index
167	i<=5 accesses index 5	Runtime Error	Use i<5
181	String not null terminated	Logical Error	Add \0
189	Array assignment invalid	Semantic Error	Copy using loop
198	String exceeds array size	Runtime Error	Increase size
206	i<=5 writes beyond array	Runtime Error	Use i<5
220	Missing semicolon after return	Syntax Error	Use return 0;

Question 4.

21	%d used for float average	type mismatch	use %f
29	Highest sale logic incorrect	Logical Error	Use >
45	monthlySales[5] out of bounds	Runtime Error	Use 0-4
49	i<=5 accesses index 5	Runtime Error	Use i<5
58	String exceeds array size	Runtime Error	Increase size
64	Direct string assignment	Syntax Error	Use strcpy()
72	String used as array index	Semantic Error	Use integer
74	Float used as array index	Semantic Error	Use integer
92	Missing & in scanf	Syntax Error	Use &orders[i]
109	Assignment used in condition	Logical Error	Use ==
118	Array assignment invalid	Semantic Error	Copy elements
126	%d used for float	Type Mismatch	Use %f
132	Direct string assignment	Syntax Error	Use strcpy()
146	String not null terminated	Logical Error	Add \0
154	i<=5 writes beyond array	Runtime Error	Use i<5
168	String exceeds array size	Runtime Error	Increase size
176	Array assignment invalid	Semantic Error	Copy elements
184	Negative array index	Runtime Error	Use valid index
196	%s used with integer	Type Mismatch	Use %d
202	Missing semicolon after printf	Syntax Error	Add ;

Question 5.

Line No.	Error	Error Type	Error Correction
21	Integer division used for average	Logical Error	Use (float)total/10
23	%d used for float average	Type Mismatch	Use %f
31	Highest marks logic incorrect	Logical Error	Use >
44	Lowest marks logic incorrect	Logical Error	Use <
58	attendance[10] out of bounds	Runtime Error	Use valid index
62	i<=10 accesses index 10	Runtime Error	Use i<10
72	String exceeds array size	Runtime Error	Increase size
80	Direct string assignment	Syntax Error	Use strcpy()
88	String used as array index	Semantic Error	Use integer index
90	Float used as array index	Semantic Error	Use integer index
108	Missing & in scanf	Syntax Error	Use &result[i]
125	Assignment used in condition	Logical Error	Use ==
134	Array assignment invalid	Semantic Error	Copy elements
142	%d used for float	Type Mismatch	Use %f
148	Direct string assignment	Syntax Error	Use strcpy()
162	String not null terminated	Logical Error	Add \0
170	i<=5 writes beyond array	Runtime Error	Use i<5
184	String exceeds array size	Runtime Error	Increase size
192	Negative array index	Runtime Error	Use valid index
198	%s used with integer	Type Mismatch	Use %d
206	Array assignment invalid	Semantic Error	Copy elements
216	Accessing temp[5] outside bounds	Runtime Error	Use valid index
220	Potential array overflow risk	Runtime Error	Stay within bounds
